

SPRING CLOTHING—M. GUTMAN & CO.

A Fit Costs no more than a Misfit.

There is nothing saved by buying badly fitting clothes. It takes just as long to cut and sew a coat that's too wide or too tight, or a pair of pants with bulging knees as though they fit perfectly. Hence why not buy perfect-fitting clothing, or to be more specific why not

—BUY YOUR CLOTHING AT—

GUTMAN'S,
THE OLD RELIABLE.

Where an experience of thirty years has reduced the making of clothing to a science that knows no misfits. Immense as is Gutman's new Spring Stock there isn't a bungling garment in it. Some are finer than others, but whether a suit cost \$5 or \$20 IT FITS.

MARVELS IN BOYS' CLOTHING.

Come and see our line of Eton Suits of fine blue cloth or light-colored cassimeres, also blue, brown, green and black English Velvets—all prettily embroidered.

Reefer Suits.

Just the thing for school. Materials, Blue Chevrons. Coats with brass buttons and broad binding.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ANGER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it needs a word of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

Castoria cures Colds, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., 1224 Street and 7th Ave., New York City.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY

A BUSINESS SESSION

Of Council in Which a Good Deal of Work Was Done.

THE ISLAND FERRY COMPANY

Authorized to Construct a Road at the North End of the Wharf—The Nickel-in-the-Slot Machine Ordinance Sent Back to the Committee for Some Minor Corrections—Applications for Liquor Licenses Not Quite so Numerous as Last Year. Routine Business Transacted.

For a time last evening the chances of obtaining a quorum in either branch of council were decidedly slim, but finally a sufficient number were mustered to allow President Waterhouse, of the second branch, to declare a quorum present after Clerk Thonon had called the roll. A dilatory quorum also appeared in the first branch shortly after the second was called to order.

James Larkin was granted a license to keep a coffee house, and a rebate on the old license at the "Butter" was allowed towards payment on his new one.

Stanton & Hughes were granted a license to keep a coffee house at what is known as "The Milwaukee." James Rowan was granted a rebate on his license at the same place.

The committees on accounts and markets reported bills amounting to \$48 and \$74.35 respectively, which were ordered paid.

The petition of David O'Leary asking that he be paid \$201 for damages to his property, caused by the slipping of Henderson street, North End, was referred to the committee on accounts.

On motion of Mr. Maxwell the lease of Elmira Ripley from the city was cancelled.

The resolution of Mr. Milligan requesting the board of public works to lower the water table on Eoff street between Eleventh and Tenth streets to conform to the grade of that street, was referred.

The report of the joint committee of council and the board of commissioners in regard to the building of a tunnel through Wheeling hill, declaring the project inexpedient at this time, was received from the second branch and concurred in.

A resolution of Mr. Burke, empowering the gas trustees to place electric lights in front of business houses when asked for, was adopted.

The ordinance presented by the water board in regard to the regulation of water closets, etc., was read a first time and laid over.

The committee on fire department presented bills amounting to \$555.82, which were ordered paid. The filling of vacancies at the Niagara and Eighth ward engine houses, reported in yesterday's INTELLIGENCER, was confirmed.

An ordinance granting to the Wheeling and Island ferry company the privilege of grading a road at the north end of the wharf, commencing at the channel stone-marks, at their own expense, to the satisfaction of the wharfmaster and committee on wharves, was passed by an unanimous vote.

Mr. Maxwell presented the bill of Hoge & White for \$12 for fixing the grade of part of Ohio street, which was ordered paid.

An ordinance providing for an inspector of foods for the city of Wheeling was read a first time and referred. The resolution abrogating the lease of Elmira Ripley was amended in the first branch, but the second branch adjourned before action could be taken.

The ordinance amending the license on the nickel-in-the-slot machine came up in the first branch, but on motion was referred back to the committee on ordinances, as it was not deemed explicit enough.

In the first branch an ordinance to authorize the Citizens' Railway Company to lay and maintain a switch on Main street north of Sixth street, was referred to the committee on streets, alleys and grades.

The hard times do not seem to have struck the saloon keepers such a Corbett-like blow as it has been intimated they had done. Last night there were 127 applications for license before council, which is just eight short of last year. The applications were all referred to the committee on petitions and remonstrances, and before that committee finally reports there will no doubt be other applications which will pull the figures up to those of one year ago.

Bills amounting to over \$300 for pulling down the old Sweeney foundry, which had been condemned as dangerous, were referred to the committee on accounts for action.

Recital by Hannibal A. Williams.

The following commendation of Mr. Hannibal A. Williams is from Prof. Jan Randolph Tucker, L.L.D., of Washington and Lee University, Virginia:

"I feel that I owe you the tribute of my commendation for your admirable reading of 'King Henry IV' last night. It showed a critical discrimination as to the characters in the drama, and your voice and manner were well adapted to give the full meaning of every part of the play. I think your presentation of Shakespeare's master piece of genius in wit, humor and controversial skill, in the person of Sir John Falstaff, was not to be surpassed."

Sents will be on sale this morning at the Y. M. C. A. for the recital Thursday evening.

Scholar's Matinee.

The first of a series of school children's educational matinees was given yesterday at the Grand opera house, and notwithstanding the inclement weather the attendance was fully 1,500. The programme as rendered pleased the little ones, as well as taught a practical method of drawing letters by blackboard illustrations. The second of the series will be given the first week in June. A similar entertainment will be given to-day in Bridgeport at 4 p. m., where there will doubtless be a large attendance. The teachers of the public schools here who attended yesterday's entertainment express themselves as greatly pleased with its character and effectiveness.

A STIMULANT is often needed to nourish and strengthen the roots and to keep the hair a natural color. Hall's Hair Renewer is the best tonic for the hair.

THE SIXTH WARD SCHOOL.

The Time for Receiving Bids for Its Construction Extended.

Last evening a special meeting of the board of education was held, a committee from the Builders' Exchange being present also. A communication from the exchange was read, asking that the board establish a rule that hereafter all contracts for school buildings in Wheeling be let to home contractors. This was filed without action.

Members of the exchange said there was not time from now until Thursday to examine the specifications for the new school building in Webster district and prepare bids, and on motion the board extended the time for receiving till next Tuesday, April 17, at 12 o'clock, noon.

"Six days shalt thou labor," says the great lawgiver. To do good work, man must be at his best. This condition is attained by the use of Ayer's Sarsaparilla. It overcomes that tired feeling, quickens the appetite, improves digestion, and makes the weak strong.

A Berlin dentist, in drawing a lady's tooth, had his finger bitten by a convulsive closing of her mouth. He died in two days from blood poisoning.

GOOD SPIRITS

Follow good health while low spirits, melancholia, impaired memory, morose or irritable temper, fear of impending calamity and a thousand and one derangements of body and mind, result from pernicious, solitary practices, often indulged in by the young, through ignorance of their ruinous consequences. Nervous debility, and loss of manly power, not infrequently result from such unnatural habits. To reach, recede and restore such unfortunate to health and happiness, is the aim of an association of medical gentlemen, who have prepared a treatise, written in plain but eloquent language and treating of the nature, symptoms and curability, by home treatment, of such diseases.

A copy of this useful book will, on receipt of this notice, with 10 cents in stamps, for postage, be mailed securely sealed in a plain envelope. Address, World's Dispensary Medical Association, Buffalo, N. Y.
